

Eagle Consulting Services LLC is a physician-led, minority-owned government contractor delivering workforce solutions, clinical staffing, and facility operations to federal, state, and city agencies. Founded in 2012 by Dr. Samuel N.O. Echezona — a board-certified Emergency Medicine physician and former State Trooper Surgeon who owns and operates healthcare, hospitality, commercial laundry, and property management businesses in New York City — Eagle combines frontline clinical authority with proven operational infrastructure to reduce vendor burden and accelerate deployment in high-accountability environments.

TARGET CLIENTS: NYC Health + Hospitals | NYC DHS / HRA | NYCHA | Dept of Veterans Affairs | GSA | HHS | NYS OGS | DOHMH | FQHCs
Shelter & Social Service Operators

CORE COMPETENCIES

Healthcare & Clinical Staffing

- Deploy credentialed clinicians (MDs, PAs, NPs, RNs, MAs, LCSWs) into hospitals, clinics, shelters, and community health settings
- Surge staffing, occupational health screening, and behavioral health program support
- Credentialing infrastructure and compliance management for rapid onboarding

Facility Operations & Environmental Services

- Janitorial, custodial, and sanitation services for government buildings, shelters, and healthcare facilities
- Commercial laundry and linen processing — operating two active laundry facilities in NYC
- Property maintenance, light renovation, and food service staffing compliant with health regulations

Workforce & Program Staffing

- Temp, temp-to-perm, and long-term contract staffing for administrative, clerical, and case management roles
- Social service, community program, and general labor deployment across city and state agencies

Community Programs & Family Services

- Youth and family safety programming through Safe Vision Family Programs
- Culturally competent community health education and outreach

DIFFERENTIATORS

- ▶ **Physician-Led:** Founder is a practicing board-certified EM physician who understands healthcare delivery, credentialing rigor, and patient safety — not a staffing broker.
- ▶ **Operator, Not Just Vendor:** Eagle owns and operates laundromats, a restaurant, and rental properties in NYC — real infrastructure backing every proposal.
- ▶ **Single-Source Simplification:** One contract covers clinical staffing, facility services, food support, and program personnel — reducing vendor complexity for agencies.
- ▶ **Community Rooted:** Headquartered in the South Bronx, serving the communities where Eagle's contracts deliver impact.
- ▶ **Rapid Mobilization:** Cross-trained workforce and centralized management enable deployment within days, not weeks.
